

FLEAXOVA

Your Talents, Your Income.

The Problem

- Existing platforms are confusing
—freelance sites charge high fees, and selling platforms don't support skills.
- As a result, students lose ₹50,000+ crore in earning opportunities every year.
- Students have skills and products to sell, but existing e-commerce platforms are too complex and expensive for them to start.

Our Solution

Flexible décor rental services offering:

Flexova Skill – Students earn by offering freelance services, from small tasks to full projects.

Flexova Store – Students sell digital products, services, or physical goods with low barriers.

Flexova Learn – Students gain skills through free certifications, real projects, and mentors.

- 60+ million students, freelancers, and micro-sellers in India are looking to learn, earn, and sell online.

- India's freelance, e-commerce, and EdTech markets together exceed ₹10,000,000 crore and are rapidly growing.

- Flexova can capture a ₹5,000 crore addressable market by 2028.

Market Opportunity

ixova.in888@gmail.com

Business Model

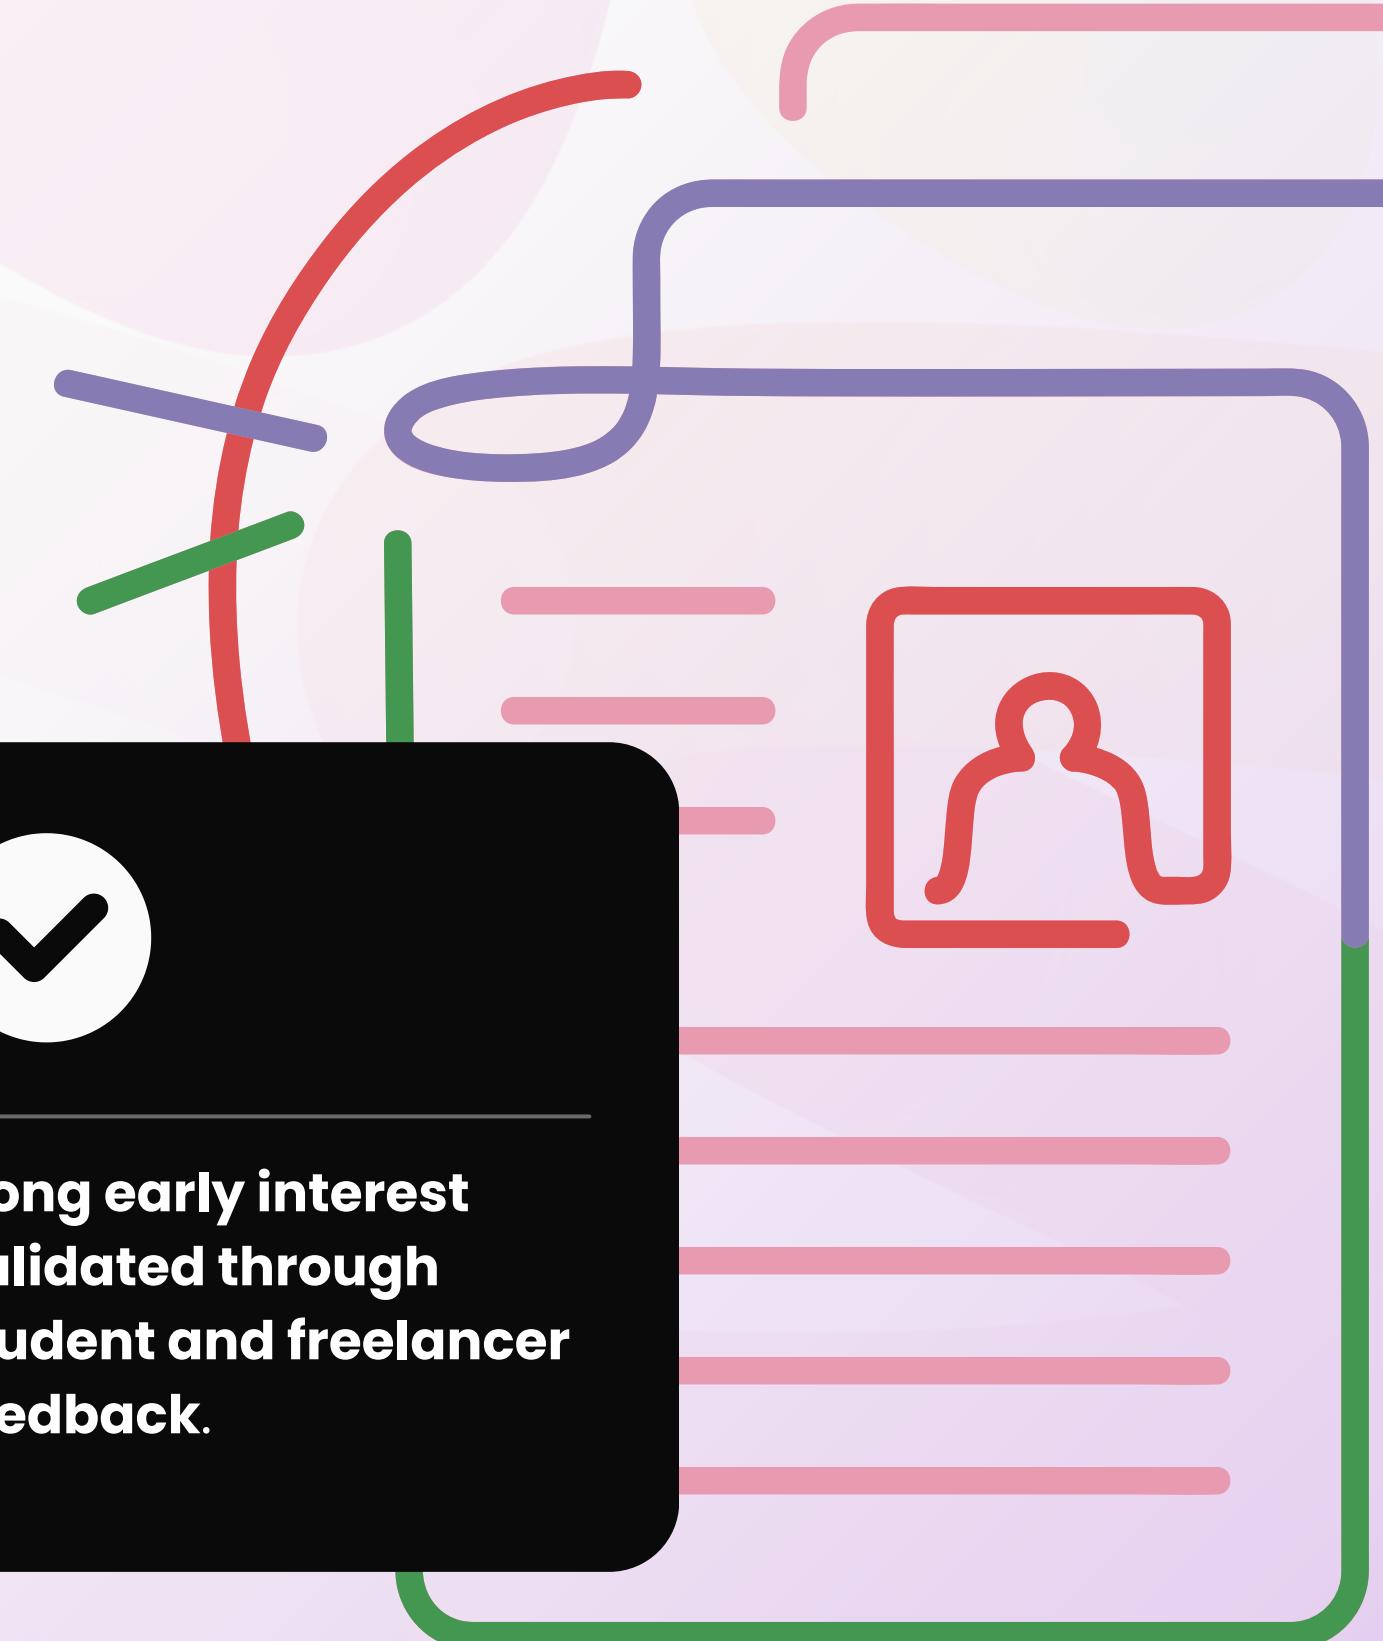

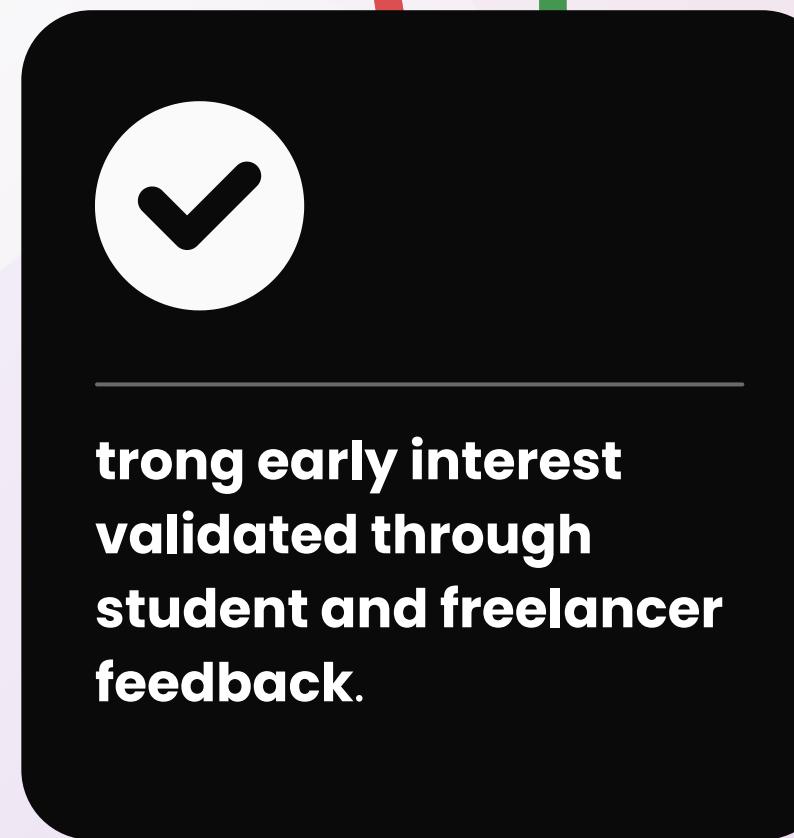

- **Commission Revenue:** 10% on freelance projects and 5–8% on e-commerce sales (lower than competitors).

Value-Added Services: Paid certifications, featured listings, and recruitment solutions.

- **Subscriptions:** Student, Seller, and Enterprise plans ranging from ₹299 to ₹9,999 per month.

Revenue Projection: ₹2.4 crore in Year 1, scaling to ₹12 crore in Year 2.

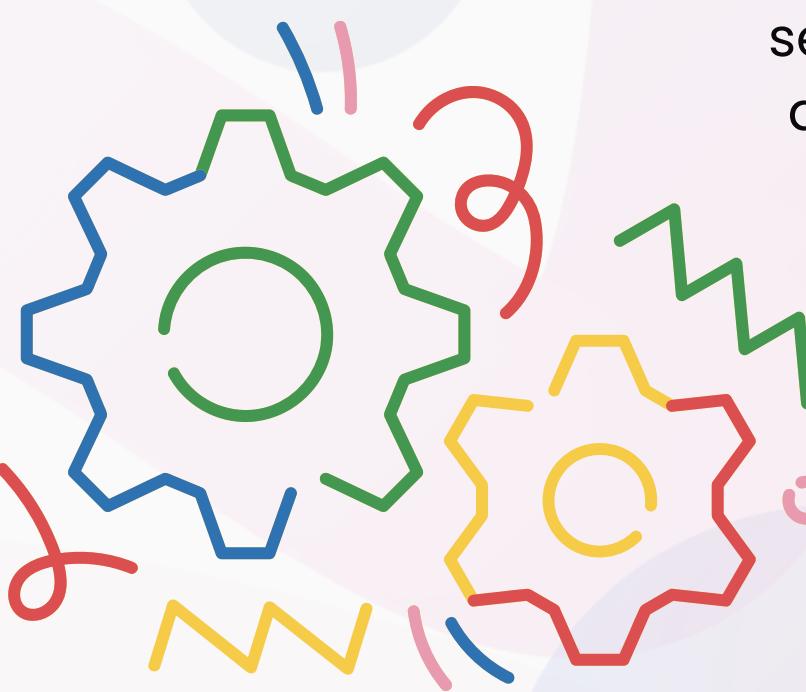

Progress

ASK

- Funding Ask: ₹10 lakh seed funding to launch and validate the MVP.
